

## Review Form 1.6

Journal Name:	Asian Journal of Research in Botany
Manuscript Number:	Ms_AJRIB_93233
Title of the Manuscript:	Phytochemical screening, antioxidant activity and UHPLC fingerprinting of methanolic extract of the fruits of Quercus semiserrata Roxb. from Meghalaya India
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalajrib.com/index.php/AJRIB/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Wide temperature interval for this experiment! Extraction changes a lot with T. ABTS radical scavenging activity equation should be check. Parenthesis are missed. The first sentence in Results part has the same information that Table 1. 2.5 and 2.6 experiments were made only once? Inhibition concentration of Ascorbic acid for DPPH and for ABTS are not in Table 2. (Page 8, first paragraph)	
<b>Minor</b> REVISION comments	Numbers and units should be separated. Etc. is not a suitable word to be used in a scientific article. You can use and fibers, among others. Gram us written as g. M is not defined in the International Unit System. It is mol/L Normally an equation number citation is used instead of the word formula	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
