PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">Revise the abstract: Include a brief Introduction, Objectives, Materials and Methods Results and Conclusion.The introduction needs more information as literature review to give adequate historical background and rationale for the studyThere is a mix-up between the materials and methods and results. Suggestions for correction are within the textWithin the Discussion, there is a dearth of information on any related studies carried out elsewhere in the world. It is important to make reference to such studies.Other comments are within the text.References need to be written as per journal recommended format and standard.Cited references are too few for this kind of research.	
Minor REVISION comments	<ul style="list-style-type: none">Attend to all grammatical errors as indicated in the text	
Optional/General comments	NONE
