PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> Language needs refinement and good revision. There are many mistakes Like : the word (epithelia in 3.5.2 Histopathology of the gills, scould in Discussion, ethaanolic in conclusion) some words are not correct in their place , you can use another words to complete the meaning . Like : the word ultimately in Discussion, undisclosed in discussion and the expression increase with increase) the spaces between words not adjusted especially at the words which contains units . Like : 6_mm in histopathology studies, some units are not correct as : 0.2mMH₂O₂ in determination of glutathione peroxidase. The references list written must be update we now in the end of 2022 and there is no reference for 2022 or 2020. 	
Minor REVISION comments	None	
Optional/General comments	None	

PART 2:
