### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajrrga.com/index.php/AJRRGA/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>Both case reports are good. However, there are lot many spelling &amp; grammatical mistakes, which must be corrected before publication. A few of the examples are as under.</b> <ol style="list-style-type: none"><li>1. In the abstract section – “ instaure” word is wrong. It should be” ensure”.</li><li>2. In case presentation – observation -1, the sentence –“ Physical examination was revealed----” should have been “ Physical examination revealed”.</li><li>3. In the discussion part the word dif-ferentiate” should be “differentiate”.</li><li>4. The reference numbers in the text body must come after ( . ) or ( , ). In most of the places the numbers have been mentioned before ( . ). This is not as per the Vancouver style.</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
