

SDI EDITORIAL COMMENTS FORM

EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<ul style="list-style-type: none">- The case series is well written with appropriate figures and easy to read and logically structured.- Table with clinical signs of the four cases is suggested as reviewers mentioned and in each case you can write complete/incomplete or probable harada.- The course of systemic steroids in each case should be mentioned in more details (dose-duration-tapering)- Case 4 is considered probable harada	Editor's comments were useful and certain appropriate changes are made
