### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The article submitted for review is purely informational. In my opinion, the authors should have given their attitude to the current situation and made recommendations for changing it.	
<b>Minor</b> REVISION comments	I advise the authors to partially improve the material of the article so that interested international and national organizations understand the shortcomings in the existing documents and could correct them.	
<b>Optional/General</b> comments	In the literature references, out of 27 positions, 5 represent positions prior to the year 2000 of publication. References are made to them in the text, but it is indicated that these positions have already been edited. Thus, I advise the authors to remove these positions from the literature references.	

### PART 2:
