

Editor's Comment:

A suggestion (especially cultivar/cultivars) was requested by the 1st referee (Kan) in the summary and conclusion section. This has not been fulfilled.

Enrichment of the introduction was requested. This too has not been fulfilled.

Reference spellings have not been corrected. For example; Singh, Deepthi. and Kumar, S. 2008.

The mean and standard error are not given in Table 2.

It can be published after these corrections.
