

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_90392
Title of the Manuscript:	Effect of Zinc Fertilization on Zinc Transformations and Yield of Blackgram Grown in Inceptisols
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Author has studied effect of Zn fertilization on Zn transformation and yield of Blackgram grown in Inceptisols. The work is good and shown good results on pod development and yield of blackgram. Zn fertilization also increased soil Zn residues which further is used by crops and increase plant yield. Data is presented well in tabular form. Statistical analysis is done which shows significance of the data. Language is good. I suggest minor corrections before the acceptance of the paper: 1. Data should also be presented in the form of figures. 2. Latest references should be added as only few are of recent years. 3. Raghuvanshi et.al. has no year of publication. It should be added in the reference.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
