

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_93979
Title of the Manuscript:	Improving yield potential of pigeonpea through foliar nutrition
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Missing many parameters for a complete determination of the yield process. Missing the basics of calculating the economic values. 1- the highlighted red title of table not reflect the table content. 2- What the basic of economic calculation 3- In the conclusion you mentioned the flowering stage! You have no result in the manuscript for the flowering stage. If you have such result it will be good to added to the manuscript 4- In the calculation you used few parameters to calculate the effect of your treatment. If you have extra data it will be better to added it (Flowering stage, length of pod, ...etc)	
Minor REVISION comments	In the abstract you missing a space (highlighted with yellow)	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
