

## Review Form 1.6

Journal Name:	<a href="#">Journal of Advances in Mathematics and Computer Science</a>
Manuscript Number:	Ms_JAMCS_93899
Title of the Manuscript:	GAUSSIAN-HYBRID NUMBERS OBTAINED FROM PELL and PELL-LUCAS SEQUENCES
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljamcs.com/index.php/JAMCS/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>Dear editor, I have carefully studied this work. Accordingly, my opinion about this study was formed as follows. I present to your information.</p> <p>The author(s) studied " gaussian-hybrid numbers obtained from pell and pell-lucas sequences".</p> <ol style="list-style-type: none"> <li>1- The names of the numbers should be written instead of "with these number" in the introduction part.</li> <li>2- Table 1 name should be written below the table.</li> <li>3- They did not cite many studies on this subject, which were taken into account by the authors who are closely interested in the subject: <ul style="list-style-type: none"> <li>• Yılmaz, F., &amp; Özkan, M. (2022). On the Generalized Gaussian Fibonacci Numbers and Horadam Hybrid Numbers: A Unified Approach. <i>Axioms</i>, 11(6), 255.</li> <li>• Halici, S., &amp; Sinan, Ö. Z. (2016). On some gaussian pell and pell-lucas numbers. <i>Ordu Üniversitesi Bilim ve Teknoloji Dergisi</i>, 6(1).</li> <li>• Halici, S., &amp; Oz, S. (2018). On Gaussian Pell polynomials and their some properties. <i>Palestine Journal of Mathematics</i>, 7(1), 251-256.</li> <li>• Sriponpaew, B., &amp; Neamvonk, A. (2022). On the Norms of Circulant Matrices with the Gaussian Pell Numbers. <i>Computer Science</i>, 17(2), 833-838.</li> </ul> </li> <li>4- And they wrote the studies that they did not use as references: Please delete the references below. 3, 4, 6, 8, 9, 18, 19</li> <li>5- Theorem 2.14 can be removed from this study and used in another study.</li> <li>6- For these reasons, this study can be published in your journal after the necessary arrangements are made.</li> </ol> <p>Best regards..</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
