PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript has been reviewed. The authors should make the following major revisions for the manuscript to be considered for publication: <ol style="list-style-type: none">1. The abstract is too short and does not contain relevant details. It has to be modified to include a brief background of the research and short explanation of the work done in the manuscript.2. There is no discussion of the results derived in the manuscript.3. A conclusion section with a summary of the research work done and the significance of the results is needed.4. The manuscript has to be revisited to improve the quality of English used. There are several grammatical errors which require correction.5. Some composite words like "non-negative" are not hyphenated. This has to be corrected.	
Minor REVISION comments	-	
Optional/General comments	The results are New and Good . I RECOMMEND THE ARTICLE FOR PUBLICATION	

PART 2:
