General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljeai.com/index.php/JEAI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">Based on the research finding, the author has to include "conclusion and recommendation" section in the manuscript and state briefly.	
Minor REVISION comments	<ul style="list-style-type: none">The author is kindly requested to go through all the comments given in the manuscript and make amendments accordingly.	
Optional/General comments	<ul style="list-style-type: none">The author is highly appreciated for his novel work and better grammar usage.Tables and figures should be presented as per their appearance in the text. I suggest that the discussion about the tables and figures should appear in the text before the appearance of the respective tables and figures rather than being at the end..	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
