### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	No apply.	
<b>Minor</b> REVISION comments	No apply.	
<b>Optional/General</b> comments	It is an interesting manuscript about efficient, improved and aseptic plastic packages for liquid container. In this context was afforded to the discussion of different strategies to design packaging depending of contents. It merits to be published, however please consider the following comments and suggestions before the acceptance of the manuscript: i) In the Abstract please consider stating clearly and highlight what was the objective of the article within the theme introduced. ii) In the introduction when it is mentioned legislation related with this theme, it should be mentioned where or if it referred to worldwide trends. iii) In the end of the introduction should be stated the objective of the Review; so after the introduction it is highlighted the topic afforded and discussed highlighting the author point of view. iv) In the end of the introduction as well it should be opened the next section, considering to revise and add a proper linker in the redaction to give the direction to the attention of the reader. v) Revise the English writing, there are phrases such as "Demand is forecast to continue to rise ..." are not clear. vi) Consider to add a different section title for the subsections 1.2-1.6; so there is an introduction to then a section where it is afforded the theme by Continents. Vii) The section 2. Future of aseptic packaging, is very interesting and maybe it merits to be extended discussing about perspectives of new materials or adding more information. Viii) Check the position of figures and sizes.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
