General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The entire manuscript is needs to be thoroughly edited for content, language, idiom, syntax, grammar and spelling. In the present form, it is verbose, with unnecessary phrases and words than needed. It appears to have been composed in another language and transliterated to English. Entire sentences and paragraphs contain information that is of no relevance to the subject. It should preferably be thoroughly edited by an English speaking author or suitable help must be sought.	
Minor REVISION comments	Very quaint language: it is obvious that the authors do not speak or read or write in English. The entire data can be condensed into tables, figures or graphs, instead of being an essay The title can be changed to Impact of Covid 19 pandemic on patients with eating disorders – a literature review. A Consort diagram can be drawn to illustrate the search and selection process of the published literature.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
