PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none">1. The manuscript has to be revised critically for language, grammar and punctuations.2. The manuscript's usage of academic wording must be revised, for academically appropriate use and consistency; for example, deciduous or primary teeth instead of milk teeth, children instead of kids.3. Introduction: too few literature review4. Materials and methods are questionable.<ol style="list-style-type: none">(1) scientific questionnaire already proved to be valid and reliable was not used.(2) appropriate test for statistical analysis was not applied.(3) each component of DMFT or deft was not evaluated and therefore, the authors missed the information regarding relationship of missing and filled teeth (one of the proof of dental service utilization) and socioeconomic status or parental attitude5. Citations and references<ol style="list-style-type: none">(1) Lack of correct and consistent referencing and citation styles(2) Too few references	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
