General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalmrji.com/index.php/MRJI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author (s) should kindly effect the corrections as highlighted in the manuscript before acceptance of the paper. Poor grammatical structure. The manuscript should be written properly and according to the journal's guideline. The work should be discussed properly. You discuss alongside other scholars' findings on similar topics, also, write down their result to see the similarity or disparity, the topic of the work and the study area of the research you are comparing your own with. Finally, write the reason (s) for the similarity or differences. Some of the citations were not found in the reference pages, while some references were not cited. Also, cite and reference your work according to the journal standard. Visit the author's guideline for the journal.	
Minor REVISION comments		
Optional/General comments		

PART 2:
