PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The abstract should be revised. It should summarize the content of the paper. There is no need for Aims, Methodology, Results and Conclusion to be stated in the body of the abstract. Findings 1 and 2 should have been part of the literature review. While findings 3 should be the only finding since it is quantitative methodology that was adopted for the study. All these are in view of the objectives of the study. The reference numbers in the body of the work should be sequential, i.e. beginning from 1 to the 117.	
Optional/General comments	The arrangement of Section numbers should be properly aligned and uniform throughout the body of the work. The margins should be uniform. The reference style should be uniform. Either pp is completely removed from the references or included through the references for uniformity.	

PART 2:
