|-------------------------------------|---|--|
| <b>Compulsory</b> REVISION comments | <p>The paper has highlighted the issue of Rohingya people, who have recently crossed into Bangladesh and residing in refugee camps in Cox's Bazar District.</p> <p>This huge number is threatening economy on one hand and ecosystem, biodiversity, and wildlife habitats on the other. The forest and hills have been replaced by the Rohingas in their accommodations.</p> <p>The current study has looked at above mentioned impact along with social issues, being faced by the local population. However, solutions need to be revised, and the author has to add a few lines on Citizenship Act of 1982 as the Rohingya people became stateless after its implementation in 1987.</p> <p>It replaced all previous citizenship laws and severely victimized the Rohingya Muslims. It defined that anyone who could prove his ancestors' presence or links with the area from the time of the Anglo-Burma War of 1824-25, qualified for citizenship.</p> <p>The law is to amend or repeal or redraft and doing so, issues of neighbouring countries must be considered. This may be included in paper for solution to avoid all negative impacts.</p> |  |
| <b>Minor</b> REVISION comments      | No specific, just follow above mention change   |  |
| <b>Optional/General</b> comments    | No  |  |
