Compulsory REVISION comments	Short research article is interesting and informative to the reader, future researchers. My suggestions are: <ul style="list-style-type: none">- Add in title 'Broad' in front..- Start all the sentences with capital letters.- In Table 1 'Haba flour' what does it mean?- Sensory methodology need to be explain in materials and methods. I only found in abstracts.- Abstracts should not be in separate heading. It should be briefly explained chronologically.- Reference need to be quoted in standard specification.
