### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljeai.com/index.php/JEAI/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. Write the abstract in one paragraph without sub-headings. Write a brief background. There's no need to mention that its your PhD work. Then straight away write the gap in research, methods and results with one line of conclusion.</li><li>2. There's no review in the introduction part, please refer to good relevant papers and do in-text citations and mention in references.</li><li>3. Methodology is not clear. Please write in detail how used did the research and also the analysis.</li><li>4. What are the implications of this study? Please write at the end.</li></ol>	
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"><li>1. Write more reviews and compare the results with the results from other similar studies.</li><li>2. Write the future prospects of this study.</li></ol>	
<b>Optional/General</b> comments	Good effort	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
