Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Compulsory REVISION comments	<p>(1) I think, it would be better, if you use less-than-10-year published references.</p> <p>(2) In my opinion, it would be better, if you presented more theoretical reviews to explore your research field and strengthen the theory as the foundation of your examination.</p> <p>(3) You don't need to mention the data source you gathered during your research.</p> <p>(4) Should the title of each figure and table be put above each figure and table itself or below those? I think, it is put above the figure or table. You have to revise it.</p>	
Minor REVISION comments	<p>Grammar errors, as in:</p> <p>(1) "This has resulted into better performances among private secondary schools as compared to public secondary schools, but the individual performances of students were found be poor (Mwiria, 2004).", it should be "This has resulted in better performances among private secondary schools as compared to public secondary schools, but the individual performances of students were found be poor (Mwiria, 2004). " - Introduction Section;</p> <p>(2) "This theory proposes that, a child/student learn and grow under three circumstances, namely family, school and the community.", it should be "This theory proposes that, a child/student learns and grows under three circumstances, namely family, school and the community. " - Theoretical Literature Reviews;</p> <p>(3) "This paper employed study a survey research design with a mixed research approach that involve both qualitative and quantitative research approaches.", it should be "This paper employed study a survey research design with a mixed research approach that involves both qualitative and quantitative research approaches. " - Research Methodology;</p> <p>(4) "The sample size of this study was 155 respondents including 5 Heads of Schools, 50 teachers, 20 parents,5 member of the board of schools, 75 students from Sumbawanga Municipality. ", it should be "The sample size of this study was 155 respondents including 5 Heads of Schools, 50 teachers, 20 parents,5 members of the board of schools, 75 students from Sumbawanga Municipality. " - Research Methodology;</p> <p>(5) "The results in Figure 3 shows that, majority of respondents (70%) revealed that most parents with children in private secondary schools use telephone in respective schools as to find out about their children progress, ... ", it should be "The results in Figure 3 shows that, majority of respondents (70%) revealed that most parents with children in private secondary schools use telephone in respective schools to find out about their children progress, ..." - Results and Discussion Section;</p> <p>(6) "The researcher conducted interview with the Head of Schools, and Focus Group Discussion with parents as to analyze the communication media between school and parents in selected schools.", it should be "The researcher conducted interview with the Head of Schools, and Focus Group Discussion with parents to analyze the communication media between school and parents in selected schools." - Results and Discussion Section;</p> <p>(7) "The second master is the ring leader who administrate the group there by sharing information from the</p>
