<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"> <li>- It is not a case study. It is a survey study. So the title is not ok.</li> <li>- Perception on Parents involvement in Management Systems is not the correct name of the variable. The correct name is "Perception towards involvement in Management Systems".</li> <li>- "Interview, Focus Group Discussion, questionnaire and documentary review methods were used to collect data" are not appropriate. It should have been a Scale.</li> <li>- Study identified two major aspects of parenting styles and frequency of communication as springboards for understanding parent involvement. It is not as per variable of this study which is "Perception towards involvement in Management Systems"</li> <li>- "Theoretical Literature Reviews" – this caption heading is not appropriate. It should have been Review of Related Literature. In fact it should have been the part of Rational of this study.</li> <li>- Objectives have not been given. It is difficult to assess the Result and Discussion of this study.</li> </ul>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
