

**Editor's Comment:**

Taking into account the results of evaluation process and three practically positive review reports and authors' feedback of the manuscript 2022/AJFRN/92284 entitled "Response Surface Modelling of Effects of Extrusion Conditions on some Anti-nutritional composition of Water yam based Noodles Analogue", I can state that the authors complied with reviewers' comments, so the manuscript can be accepted for publication in Asian Journal of Food Research and Nutrition.
