### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Thank you very much for your dedicated work. Hence this article is related to Nigeria, it would be highly valued to have more details on the Omicron variants development in the Nigerian context. Additional data, experience and Nigerian studies could support this, if available.	
<b>Minor</b> REVISION comments	Please check punctuations, grammar and references. Some of the article context is highly sophisticated. Is the general public the targeted audience or concerned health authorities/professionals?	
<b>Optional/General</b> comments	Thank you for the timely, very interesting topic and all the efforts.	

### PART 2:
