Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none"> 1. The abstract directly jumps to the technical details of the proposed methods. It would be great to add background information to have a smooth start of the paper. 2. Organizational structural details of the research paper shall be added in the introduction section 3. Please add a clear paragraph that reflects your solution methodology for existing problem in literature in abstract section. 4. All abbreviations should be defined in full the first time they appear in the title, abstract, main text, and figure or table captions, even if they are well known in the field. E.g. Power Juchez Distribution (PJD). Please modify all corresponding abbreviations in your paper. 5. Try to put correct subfigures captions for figure 1 like figure 5 (a), (b), (c) and (d). Make change for all corresponding figures in your paper. 6. Please separate between Discussion which is usually used within Result Section and Conclusions which is usually used as Conclusions and Possible Future Works Section. 7. Kindly, it is necessary to read recent respected existing works in literature to follow up the recent approaches in this field of study and make sure half of them are from the last five years. 8. A comparison of this study should be done with other works in the same field to show the differences between them. 9. The conclusion shall include the future research directions.
