

## Review Form 1.6

Journal Name:	Asian Journal of Pediatric Research
Manuscript Number:	Ms_AJPR_93116
Title of the Manuscript:	A Study of Plasma Homocysteine Level in Children with Autism
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajpr.com/index.php/AJPR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	None	
<b>Minor</b> REVISION comments	Few grammatical errors and overuse of "another explanation," but otherwise this article reads very well. I can understand the protocol, the statistics, and the comments. The following sentence could use reference links. "During low folate status, the presence of the polymorphic form of this enzyme is associated with greater plasma Hcy concentrations than normals, as shown by many investigations."	
<b>Optional/General</b> comments	Overall, good study	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
