

Review Form 1.6

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_93055
Title of the Manuscript:	Ecotourism Development in Sampangan Muncar Beach Banyuwangi
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalajrb.com/index.php/AJRB/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Title : Content in the manuscript does not match with the title</p> <p>Abstract : Aims, Methodology, and Results are unnecessary.</p> <p>Introduction : more review on conversion of certain plastic waste, such as PET bottles, to more valuable / usable products is essential for this manuscript, while improvement on both environment and ecotourism would be positive consequence.</p> <p>Pyrolysis : more theories, especially thermal cracking reactions of polymers, are necessary for desired products, like liquid fuel. While details of pyrolysis equipment is unnecessary in comparison with pyrolysis condition and the fuel product produced by the equipment. Especially the relationship between liquid fuel and solid fuel with the starting amount of plastic waste.</p> <p>Conclusion : the conclusion does not relate to the results obtained from the pyrolysis.</p>	
Minor REVISION comments	<p>Vocabulary : pyrolysis products might consist of gases (in general non-condensable component, e.g. methane), liquids (obtained as vapours, which can be condensed with water), and solids</p> <p>checking grammar</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
