PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. The experiment was conducted only for one season. However, sowing date depends on particularly weather/climate change. So the experiment should have been repeated for some more seasons for sound recommendation.	
Minor REVISION comments	1. Most of the cited references are not included in the reference list. It looks that the Author has directly copied some author's citation 2. The English construction need improvement 3. Some tables are not properly cited 4. The discussion is shallow and has to be improved	
Optional/General comments
