

Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_93242
Title of the Manuscript:	Investigation of the Causes of Flexible Pavement Failure Along Three Selected Roads in the Niger Delta Region of Nigeria
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjust.com/index.php/CJAST/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	It is concluded that Poor insitu soil condition and construction material were main causes for the ground failure. Mentioning the physical and geotechnical properties of insitu soil and construction material would be add value for the present topic.	
Minor REVISION comments	More technical data needs to be added, such as <ul style="list-style-type: none"> - physical and geotechnical properties of insitu soil - Design parameters for used construction material - Design recommendation for the drainage supply - Maintenance lapses 	
Optional/General comments	No	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
