PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The paper requires one or two rounds of reading to improve the quality of English used.2. The authors should consider including their literature search methodology in the paper. It will help to guide a more extensive review of this topic in the future.3. Figures 2 and 3 should include sources.4. The paper, although a mini review, contains vital information regarding the topics. However, I think the authors are not concrete about readers' takeaways. Including a section for further discussions of their findings and recommendations for future research will make the paper more useful.
