

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Environment and Climate Change</a>
Manuscript Number:	Ms_IJECC_88366
Title of the Manuscript:	Effect of Brown Manuring and Different Levels of Nutrients on Growth and Yield Attributes of Aerobic Rice ( <i>Oryza sativa</i> L.)
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The authors conducted a field experiment conducted during the 2019 kharif season to evaluate the effect of brown manure and different nutrient levels on the growth and yield attributes of aerobic rice at the Crop Research Center, Dr Rajendra Prasad Central Agricultural University , Pusa, Bihar. This experiment was conducted in a randomized (factorial) block design with sixteen treatment combinations replicated three times using the "Abhishek" rice variety as the test crop. Experimental results indicated that higher values of growth parameters ie and nutrient components are increased. The graphs are also good, making it easy to understand the work. The conclusions are interesting. The bibliography is well structured and complete.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
