PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The abstract section is incomplete, The introduction section is poorly written with missing information. The authors should make a proper review of literature and provide with recent citations. In the results section, the figure that explain the path co-efficient analysis is missing. Add the figure for the path co-efficient analysis. The discussion is missing completely. The authors haven't provided a proper discussion. In my opinion, the results and discussion should be written separately.	
Minor REVISION comments	Improve the flow of information. Merge the small paragraphs with related information into a single body.	
Optional/General comments	The manuscript is not suitable for publication in its present version. It needs serious revisions in each part.
