PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This study was carried out in the villages of Sulla and Surshettikoppa in the Hubli Taluk and Marewad and Kotur in the Dharwad Taluk. They were taught how to make green consumer goods like dishwashing liquid, floor cleaning, paper bags, and insect repellent. In addition, this study showed the positive impact on the families' economies.	
<u>Minor</u> REVISION comments	After a carefully reading the manuscript, I found it very interesting because this study sensibilizes the families to the necessity of using green consumption. But there are some comments that will help the authors improve the quality of their manuscript: # Title I recommend you to give this manuscript an attractive title. # Abstract Please rewrite the abstract in a concise and clear form. Put the keywords in alphabetic order. #Introduction Please try to develop the introduction section. #Results and discussion - You have good data, but you did not explain very well. For this reason, I recommend you discuss the obtained results carefully in logic explanation. - I recommend you treat your data with SPSS software. # Conclusion Please, write a good conclusion.	
<u>Optional/General</u> comments	This work presents good data that has not been thoroughly investigated, and these data require more explanation. In addition, the English language quality must improve.
