General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpr.com/index.php/IJPR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>I suggest removing some keywords and leaving only three: vaccine,imunity,china,Fda, corona virus.</p> <p>Insert objective, methods and conclusion of the study in abstract.</p> <p>The manuscript is a literature review. Therefore, I suggest better elaborating the data to be presented and inserting more works as a reference.</p> <p>The work is relevant because it corroborates with existing literature, but it is inconsistent from a scientific point of view. Should be restructured for a review work, you should cite the type of review, database, amount of data analyzed and also put data for each type of review.</p> <p>Thanks.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
