PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article is written on a topic that is relevant and important for the region. The authors presented a significant number of experimental research results. It may be appropriate to arrange the text and tables in a different way to avoid large spaces between the text and table.	
Minor REVISION comments	Since the authors made an economic assessment of the total cost of growing passion fruit plants in each treatment combination, it would be quite logical to compare the cost of cultivation and the cost of the grown products, the profit or profitability of the cultivation options.	
Optional/General comments	It should be noted that the author has processed a sufficient number of scientific publications. The conclusions are logical and well-founded.	

PART 2:
