

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_93774
Title of the Manuscript:	Studies on various levels of organic sources and major nutrients on growth and yield of sprouting broccoli (Brassica oleracea var.italica Plenck)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none"> • In Introduction part, the background of the experiment should be clearly mentioned using scientific findings of others before mentioning the hypothesis of the experiment. • Was the experiment conducted only for one year? • You should include a table mentioning the nutrient content of the organics used in the experiments like FYM, PM, Vermicompost etc. • Discussion part is short. Enlarge it by interpreting the findings with scientific explanations instead making comparisons with findings of earlier studies. • PI. Include the Economics study or benefit:cost analysis. • Have you studied the effect of these integrated nutrient management practices/treatments on soil health parameters? <p>Also, see the attached Ms.</p>	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	All these comments/suggestion are to be incorporated for improving the Ms.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
