PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The only observation is the change of <i>Blastocystis</i> sp. by <i>Blastocystis</i> spp. and it is not a protozoan, now it is located within the chromista kingdom, they can also name it as Stramenophile.	
Optional/General comments	Very good epidemiological contribution to the co-occurrence of intestinal parasite infections in the central region of Cameroon. Minor fixes. I recommend your publication.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
