PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The introduction section should include some background information on the problem of tuberculosis and the problem of hepatotoxicity (hepatocellular functioning) and the relation between these two conditions. Please check the spelling of the TB drugs: Pyrazinamide and Rifampicin. The discussion section requires some more evidences and explanations.	
Minor REVISION comments	The pictures/figures are not clear and difficult to understand. The aim of the case report needs to be presented and the rationale of this case needs to be described at the end of the introduction section.	
Optional/General comments	The methods section is fine. The case is well explained. All details of the case is well described. All the process and procedures has been explained in the case. The case is detailed and well formulated. The conclusions is fine.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
