

Review Form 1.6

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_93346
Title of the Manuscript:	Antifungal activity of verticillin D isolated from Clonostachys rosea EC28 against Alternaria burnsii and Sclerotium rolfsii
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljamb.com/index.php/JAMB/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. Should clearly write the statistic significant in results such as use alphabet in table, describe rate of inhibition such as range of inhibition zone xx mm-xx mm is +2. Complete data in table 2 such as the inhibition rate (%) of positive control (Clotrimazole at 10 mg/mL) for clearly comparison3. Please describe more about the mechanism of verticillin D to control spore germination and inhibition of mycelial growth	
Optional/General comments	<ol style="list-style-type: none">1. Check the correct scientific name of microbial	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
