PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The article flows well, but many grammar mistakes that need proofreading. Also, many data are mentioned in the abstract and definitions as percentages, but what's the data source? Epidemiology Is too long if it can describe shortly Also, please include standard definition and diagnostic criteria as per the American heart association or such standards The article is complicated to read; please make it in tabular form or easy-to-read format Also, many review articles about heart failure, what new they want readers to learn about</p>	
Minor REVISION comments		
Optional/General comments
