

Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_90313
Title of the Manuscript:	Methanolysis of Africa pear seed oil via thermally activated empty palm fruit bunch ash (TAEPFBA) catalyst. ANN prediction and sensitivity analysis
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalirjpac.com/index.php/IRJPAC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is overall a well-conducted and well-written study, which addresses an important area of production of biodiesel at optimal conditions from Africa pear seed oil using heterogeneous catalyst TAEPFBA,	
Minor REVISION comments	This is a very interesting study exploring confidence in Biodiesel production	
Optional/General comments	needs some re-styling as per Open Journal of International Research Journal of Pure and Applied Chemistry house style, I think.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
