

Editor's Comment:

Based on the reviewers comments and response from author(s), will like to suggest the following amendments to the manuscript titled: **EXPLORING FACTORS THAT HINDER SENIOR HIGH SCHOOL STUDENTS' ACADEMIC PERFORMANCE** before considering it for publication.

1. The title should reflect Mathematics to be more specific
2. The methodology should be named mixed-method and appropriate mixed-method approach should be adopted
3. The methodology section is not clear. Explanation of qualitative and quantitative approaches should be clearly discussed.
4. Mixed-method should reflect in the abstract
5. SPSS software should be considered for the quantitative analysis

6. Samples of survey and Interview protocol should be attached to the manuscript.
