PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Abstract: The abstract should be rewritten again and should consists of background, methods, results and conclusion. Introduction: The introduction needs extensive improvement and recent references should be incorporated. The novelty of the study should be highlighted in the introduction section. Materials: the source of all materials should be added in the text (Company, city, country). Results and discussion: This section should be improved and the results should be compared with previously reported studies. References: Only eight references have been cited. Very poor section English improvement should be performed.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
