PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript was well written and has some scientific information on the two species studied. The authors have to search for more references to back their work up. This would have made the discussion more robust.	
Minor REVISION comments	The manuscript can be improved by addressing all comments suggested. Moreso, considering only mechanical properties of these species is not enough.	
Optional/General comments	I recommend the manuscript for publication after addressing all comments.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
