### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalpri.com/index.php/JPRI/editorial-policy>

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>Abstract</b> Add a result comment regarding Balanced diet percentages and physical activity description as well, please add also the results of nutritional public awareness , how it was Please change this in light of the results you will add above .. it is very general</p> <p><b>Methods</b> Please add complete details about questionnaire development and content How you examine its internal and external validity How the data were collected and how the questionnaire were filled How you calculate BMI How you get the weight and height of participates How the sample size were estimated and calculated Period of study (from to)</p> <p><b>Results</b> Please include a table clarifying these data Please indicate if this was the mean or not ??? Please include in a table all questions were asked to determine awareness (if there) and what were the response's answers. And comment on your table briefly Are you sure these two questions only enough to determine if they have nutritional awareness or not ??? Again the results not enough You mentioned only the BMI, give more detailed results, convert Figure 4: to a table And include <b>Dietary pattern</b> as part of nutritional status Also, <b>Physical activity</b> give a table describing all other classification (mild, moderate, vigorous)</p> <p><b>Discussion</b> Please compare with other studies</p> <p><b>Conclusion</b> <b>Please rephrase again based on results</b></p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
