

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_62606
Title of the Manuscript:	Damp-Heat Effects on Short Circuit Current, Open Circuit Voltage and Efficiency into Crystalline Silicon Photovoltaic Solar Modules in Tropical Zone
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Nil	
Minor REVISION comments	The alignment in the text may be done, mainly in the equation part where its numbers should be aligned correctly. The author may refer and check with more numbers of recently published articles which may also be included in the references.	
Optional/General comments	The article has been well written. The author's contribution is appreciated.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
