

**Editor's Comment:**

The revised manuscript needs the following minor corrections prior to be accepted for publication:

1. Duplicated keywords (same as the paper title) must be re-chosen.
2. Use "and" instead of "&" throughout the entire text.
3. Unify the use of "%" and "per cent" or "percent".
4. Please number all equations listed (used) in this paper.
5. Need to add significant contributions and practical implications derived from this study, both in the abstract as well as in the conclusion.

Some English syntax errors have been detected. Therefore, a thorough proof-check and English check is also necessary.
