PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The Abstract needs to be reworked. Detailed reasons are written as comments on the manuscript. The Conclusion also needs revisions in terms of the message that is being conveyed and needs to be weaved in with the previous sections.	
Minor REVISION comments	A spell-check and synonym check are a must. Apart from this, I would suggest avoiding the use of complex verbs. Further comments are on the manuscript.	
Optional/General comments	The paper has chosen an excellent topic, and needless to say it is very informative! Not just in terms of style but also in terms of listing down the observations and talking about the application of strategies in writing. With a little bit of further revision, it will be good to go! 😊
