### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Used eggplant puree to reducing fats and egg of cake to reduce calorie and increase nutritional value of cake <b>also</b> , technological and sensory evaluation of muffin cake production . The spelling also is wrong! The eggplant free of seeds were selected, it was washed with tap water to remove any soil particle and dirt. Please <b>authenticate</b> the plant as well! "Cakes are usually expected to be kept for 1 to 4 weeks." Kindly justify this!	
<b>Minor</b> REVISION comments	Many <b>aspect s</b> , such as consumer requirements , allergy reduction, improving food safety, more healthy , nutritious profiles, to handle and storage easier , make it more functional, less price and reduced-price instability. The word aspect!	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
