Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajaar.com/index.php/AJAAR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Dear authors, I have reviewed your manuscript, your study is informative and methodology and results are valid. But I have found several issues regarding your study;  [1]. First, there are lot of errors in the references, please recheck all references, remove typing errors, extra spaces, fix size and style. [2]. Secondly, in the text, reference style is not same, follow same style throughout the text. [3]. Also, there are few grammatical and spelling mistakes in the paper, please review it. [4]. Follow same images style throughout the manuscript, some images have different text style, size and position.	
<b>Minor</b> REVISION comments	[1]. I suggest that the authors have to revise whole manuscript in detail. [2]. Fix the typos and errors highlighted in the text file. [3]. Found extra comments in the track file and fix these.	
<b>Optional/General</b> comments	Overall, a good study but needs to be better.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
